Baltimore, MD - March 1, 2017—Procure Ambulance of Maryland, Inc., a full-service commercial ambulance and wheelchair van transportation company, is proud to announce national certification as a Women's Business Enterprise by the Women Presidents' Educational Organization-DC, a regional certifying partner of the Women's Business Enterprise National Council (WBENC). Procure is the only ambulance transportation company in the State of Maryland to hold this certification.

"WBE certification is another way Procure has set itself apart from our competitors. We continue to strive for excellence and anticipate that this certification will open new opportunities for growth." states Debbie Ailiff, President and CEO of the company.

WBENC's national standard of certification implemented by the Women Presidents' Educational Organization-DC is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women. WBE's are required to complete the annual renewal process to maintain WBE certification.

By including women-owned businesses among their suppliers, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier diversity programs.

Procure was also certified by the Maryland Department of Transportation as a Minority Business Enterprise (MBE) in 2012 and has maintained that certification over the last 5 years.
